NOTE: We recommend using yarns called for in our instructions. Every effort has been made to ensure that directions contained in this book are accurate and complete, however errors do occur. We cannot be responsible for variance of individual knitters, human or typographical errors.

All pattern PDFs are updated when corrections are made. In the event of finding an error, please make sure you've downloaded the most recent version.

NOTE

This shawl is worked from the bottom edge (Berry Cluster Pat) up. The upper section is shaped using short rows. When working these rows, you will work part way across a row, turn and work back, leaving some sts unworked.

STITCH GLOSSARY

Place Bead (counts as 1 st)

To place bead, insert a 12" long piece of wire through st, fold wire so that free ends are together; insert ends through hole of bead and pull, drawing st through st. This places bead right over the st so that it is centered and shows on both sides of work.
